

Our Approach

1

Experienced Specialist **involvement from start to finish** on all projects.

2

We **attend all relevant meetings**, which provides clients and engineers with real time advice, plus a real focus on MEP.

3

Actively control the MEP cost/design balance. Sitting close to the engineers, speaking their language to ensure the designs and budget are aligned, whilst building a strong relationship.

4

Strength in depth. With **over 150 years of combined experience**, covering all sectors, clients benefit from lessons learnt and the best in the industry.

5

Relationships with key trades, which ensures that we are up to date with market pricing levels, trends and new innovations.

6

We have created comprehensive cost models which enable us to produce detailed estimates with limited design, helping steer the **design in line with the budget.**

7

Our interactive cost model allows us to assess the viability of potential options quickly. Ensuring efficient use of consultants time and resource. This allows **informed decisions to get the best results.**
